The Client may submit written remarks to the Service Provider within 1 (one) business days of the receipt of the broadcasting plan.

Service Provider's failure to meet the special requirement/requirements of Client (see Clauses 8 and 9 of Chapter IV of the GCC) does not affect the performance of the Clients' annual spending commitment, that is the Client will not be exempt from the obligation to perform its annual commitment thereby.
14. If the commercial film is longer than specified in the order, then Service Provider may reject its broadcast. If Service Provider rejects the broadcast of a given commercial film, then it will be considered as a Cancellation by the Client, and therefore such case will be subject to Clause 2 of Chapter VII of the GCC. ## **V. THE PROVISION OF ADVERTISING TIME AND THE PERFORMANCE OF OTHER ORDERS, CAMPAIGN**

1. The Service Provider undertakes to perform the Client's Campaign during the ordered and confirmed Advertising Time, and broadcast its sponsorship film in the environment of the given programme item. In respect of the Advertisement, the Service Provider shall send the updated broadcasting plan, including the detailed spot list, on a weekly basis; however, such plans may subsequently be modified due to the specific operating conditions of television media service providers. Service Provider undertakes to perform the ordered and confirmed GRP quantity during the entirety of the campaign period, regardless of the weekly breakdown. Sponsorship films shall be broadcast pursuant to conditions set forth in the order and the Confirmation.

If there is a difference between the ordered and performed GRP volume of the Campaigns, the Service Provider aims to perform the HUF value of under/over performance of GRP in the following Campaigns of the reference year.

2. The fulfillment of the ordered and confirmed GRP volume shall be defined on the basis of the sum of the value of the TSV GRP and the Guest viewing TSV GRP. The Service Provider shall base the fulfillment of campaigns based on C/GRP on the sum of ratings of the advertisement spot rounded to one decimal place.  
The final value of TSV GRP and Guest viewing TSV GRP shall be available on the 8<sup>th</sup> (work)day after broadcast, thus the final value of the GRP may be finalized on the 8<sup>th</sup> day after the broadcast of the last advertisement spot.
3. The Service Provider shall provide no sector exclusivity within an advertisement break.
4. The placement of various products of a Client into a single advertisement break cannot be excluded or objected.
5. The order of the commercial films included in an advertisement break shall be determined by the Service Provider. Also the number of miscellaneous commercial films running between dual spots shall be determined by the Service Provider.
6. The Service Provider shall be entitled to refuse broadcasting any time, if the commercial and/or sponsorship film:
  - (i) violates any applicable law;
  - (ii) violates the business interests of Service Provider or Media Provider;
  - (iii) contradicts the image of the Channel;
  - (iv) clashes with the norms of advertising ethics;
  - (v) is disapproved, either officially or informally, by the NMHH, the Media Council or any other competent body, or
  - (vi) violates any section of the present GCC.

With regard to cases determined in the present section, the Service Provider shall not be liable for any damages whereas the Client shall be obliged to pay the penalty specified in Chapter VII. In the case the Service Provider rejects to broadcast the commercial and/or sponsorship film because it has been disapproved, either officially or informally, by NMHH, the Media Council or any other competent body, then the Client shall be exempt from the obligation to pay the penalty if it alters the commercial and/or sponsorship film at its own cost, in accordance with the request of the Service Provider, within 8 days of

the request to that effect. The approval of the commercial films and/or sponsorship films does not relieve the Client from the obligations specified in the present GCC, and in other contracts made by and between the Client and the Service Provider.

7. If the ordered commercial and/or sponsorship film is not or not properly broadcast due to technical faults occurring within the scope of control of the Service Provider, then the Service Provider, after consulting with the Client, shall indemnify the Client for the loss by providing another Advertising Time. Such indemnification is carried out as follows: the damages claimed by the Client shall be settled by the Service Provider in a manner that the Client shall devote the amount of damages accepted by both Parties (in the case of disputes: damages awarded by the court) for ordering Advertising from the Service Provider against the cost of which the amount of damages shall be set off. In the case of a List Price based purchase, the value of such broadcasts shall be calculated and set off against the claim for damages on the basis of the ratecard of the Service Provider and their gross broadcasting value may not exceed the gross value of the non-performed or faulty broadcasts. If such technical fault arose in the case of a C/GRP based purchase, the amount to be compensated will be based on the final C/GRP valid for the Campaign month of the objected broadcast and the rating reached by the faulty broadcast of the commercial film(s).

Client shall inform the Service Provider about its claim for damages within 5 business days from the date of the non-performance of the broadcast of the Advertising.
